

## **COVID-19 ADDENDUM TO IFSC EUROPE RULES**

### **1. COMPLIANCE WITH NATIONAL REGULATIONS**

All events must comply with relevant regulations in force within the host country/region as at the date of the competition.

### **2. TEAM QUOTAS**

Team Quotas for each event may be reduced by agreement between the Event Organiser and the IFSC Europe Board in order to comply with host country regulations regarding numbers of attendees at sporting events or other circumstances specific to an event.

The quotas for each event, and any any rule waivers concerning extra-quota athletes will be published in the Event Information Sheet.

### **3. COMPETITION ORGANISATION**

The IFSC has published an addendum to the 2020 IFSC Rules setting out modifications to normal protocols for the organisation and management of events. Event Organisers are recommended to incorporate these modifications within their event planning, where relevant given the specific circumstances of the event and the regulations/recommendations within the host country/region.
