Part One: General Provisions

1. **Scope and Application**

**Adoption**
1.1. These Classification Rules and Regulations are referred to throughout this document as the ‘Classification Rules’. They have been prepared by the IFSC to implement the requirements of the 2015 IPC Athlete Classification Code and International Standards.

1.2. These Classification Rules refer to a number of Appendixes. These Appendixes form an integral part of the Classification Rules.

1.3. These Classification Rules form part of the IFSC Rules and Regulations.

1.4. The Classification Rules are supplemented by a number of Classification forms that have been prepared to assist Athlete Evaluation. These forms are available on the IFSC website, and can be amended by the IFSC from time to time.

**Classification**
1.5. Classification is undertaken to:
   a. Define who is eligible to compete in Paraclimbing competitions; and
   b. Group Athletes into Sport Classes which aim to ensure that the impact of Impairment is minimised and sporting excellence determines which Athlete or team is ultimately victorious.

**Application**
1.6. These Classification Rules apply to all Athletes and Athlete Support Personnel who hold a license with the IFSC, and/or participate in any Events or Competitions organised, authorised or recognised by the IFSC.

1.7. These Classification Rules must be read and applied in conjunction with IFSC Rules and all other applicable rules of the IFSC. In the event of any conflict between these Classification Rules and any other rules, the Classification Rules shall take precedence.

**International Classification**
1.8. The IFSC will only permit an Athlete to compete in an International Competition if that Athlete has been allocated a Sport Class (other than Sport Class Not Eligible or Classification Not Completed) and designated with a Sport Class Status in accordance with these Classification Rules.

1.9. The IFSC will provide opportunities for Athletes to be allocated a Sport Class and designated with a Sport Class Status in accordance with these Classification Rules at Recognised Competitions (or other such locations as defined by the IFSC).

**Interpretation and Relationship to Code**
1.10. References to an ‘Article’ mean an Article of these Classification Rules, references to an ‘Appendix’ mean an Appendix to these Classification Rules, and Capitalised terms used in these Classification Rules have the meaning given to them in the Glossary to these Classification Rules.

1.11. References to a ‘sport’ in these Classification Rules refer to both a sport and an individual discipline with in Paraclimbing.
1.12. The Appendixes to these Classification Rules are part of these Classification Rules both of which may be amended, supplemented and/or replaced by the IFSC from time to time.

1.13. Headings used in these Classification Rules are used for convenience only and have no meaning that is separate from the Article or Articles to which they refer.

2. Roles and Responsibilities

2.1. It is the personal responsibility of Athletes, Athlete Support Personnel, and Classification Personnel to familiarise themselves with all the requirements of these Classification Rules.

Athlete Responsibilities

2.2. The roles and responsibilities of Athletes include to:

   a. Be knowledgeable of and comply with all applicable policies, rules and processes established by these Classification Rules;
   b. Participate in Athlete Evaluation in good faith;
   c. Ensure when appropriate that adequate information related to Health Conditions and Eligible Impairments is provided and/or made available to the IFSC;
   d. Cooperate with any investigations concerning violations of these Classification Rules; and
   e. Actively participate in the process of education and awareness, and Classification research, through exchanging personal experiences and expertise.

Athlete Support Personnel Responsibilities

2.3. The roles and responsibilities of Athlete Support Personnel include to:

   a. Be knowledgeable of and comply with all applicable policies, rules and processes established by these Classification Rules;
   b. Use their influence on Athlete values and behaviour to foster a positive and collaborative Classification attitude and communication;
   c. Assist in the development, management and implementation of Classification Systems; and
   d. Cooperate with any investigations concerning violations of these Classification Rules.

Classification Personnel Responsibilities

2.4. The roles and responsibilities of Classification Personnel include to:

   a. Have a complete working knowledge of all applicable policies, rules and processes established by these Classification Rules;
   b. Use their influence to foster a positive and collaborative Classification attitude and communication;
   c. assist in the development, management and implementation of Classification Systems, including participation in education and research; and
   d. Cooperate with any investigations concerning violations of these Classification Rules.
Part Two: Classification Personnel

3. Classification Personnel

3.1. Classification Personnel are fundamental to the effective implementation of these Classification Rules. The IFSC will appoint a number of Classification Personnel, each of whom will have a key role in the organisation, implementation and administration of Classification for the IFSC.

Head of Classification

3.2. The IFSC must appoint a Head of Classification. The Head of Classification is a person responsible for the direction, administration, co-ordination and implementation of Classification matters for the IFSC.

3.3. If a Head of Classification cannot be appointed, the IFSC may appoint another person, or group of persons collectively (provided such person or group of persons agrees to comply with the Classifier Code of Conduct), to act as the Head of Classification.

3.4. The Head of Classification is not required to be a certified Classifier.

3.5. The Head of Classification may delegate specific responsibilities and/or the transfer specific tasks to designated Classifiers, or other persons authorised by the IFSC.

3.6. Nothing in these Classification Rules prevents the Head of Classification (if certified as a Classifier) from also being appointed as a Classifier and/or Chief Classifier.

Classifiers

3.7. A Classifier is a person authorised as an official and certified by the IFSC to conduct some or all components of Athlete Evaluation as a member of a Classification Panel.

Chief Classifiers

3.8. A Chief Classifier is a Classifier appointed to direct, administer, co-ordinate and implement Classification matters for a specific Competition or at such other location as defined by the IFSC. In particular, a Chief Classifier may be required by the IFSC to do the following:
   a. identify those Athletes who will be required to attend an Evaluation Session;
   b. supervise Classifiers to ensure that the Classification Rules are properly applied during Classification;
   c. manage Protests in consultation with the IFSC.

3.9. A Chief Classifier may delegate specific responsibilities and/or transfer specific tasks to other appropriately qualified Classifiers, or other appropriately qualified the IFSC officers or representatives, and/or appropriately qualified persons in the local organising committee of a Competition.

Trainee Classifiers

3.10. A Trainee Classifier is a person who is in the process of formal training by the IFSC.

3.11. The IFSC may appoint Trainee Classifiers to participate in some or all components of Athlete Evaluation under the supervision of a Classification Panel, to develop Classifier Competencies.
4. Classifier Competencies, Training and Certification

4.1. A Classifier will be authorised to act as a Classifier if that Classifier has been appointed by the IFSC.

4.2. All classifiers are obliged to work on the development and improvement of the classification process and rules.

4.3. The IFSC must specify and publish Classifier Competencies in a manner that is transparent and accessible. The Classifier Competencies must include that a Classifier has:

   a. A thorough understanding of these Classification Rules;

   b. An understanding of Sport Climbing, including an understanding of the IFSC Rules;

   c. An understanding of the Code and the International Standards; and

   d. A professional qualification(s), level of experience, skills and/or competencies in order to act as a Classifier for the IFSC. These include that Classifiers must either:

      i. Be a certified health professional in a field relevant to the Eligible Impairment category which the IFSC at its sole discretion deems acceptable, such as a physician or physiotherapist for Athletes with a Physical Impairment; ophthalmologist or optometrist for Athletes with a Vision Impairment; or

      ii. Have an extensive coaching or other relevant background in the particular sport(s); or a recognised and reputable academic qualification which encompasses a requisite level of anatomical, biomechanical and sport-specific expertise, which the IFSC at its sole discretion deems to be acceptable.

4.4. The IFSC may decide to exclude Classifiers if appropriate.

5. Classifier Code of Conduct

PENDING
Part Three: Athlete Evaluation

6.1. The IFSC has specified in these Classification Rules the process, assessment criteria and methodology whereby Athletes will be allocated a Sport Class and designated a Sport Class Status. This process is referred to as Athlete Evaluation.

6.2. Athlete Evaluation encompasses a number of steps and these Classification Rules therefore include provisions regarding:
   a. An assessment of whether or not an Athlete has an Eligible Impairment for the sport;
   b. An assessment of whether an Athlete complies with Minimum Impairment Criteria for the sport; and
   c. The allocation of a Sport Class (and designation of a Sport Class Status) depending on the extent to which an Athlete is able to execute the specific tasks and activities fundamental to the sport (with the exception for athletes with Vision Impairment, where the current assessment criteria is not yet sport specific and does not include a requirement that the Athletes are assessed in respect of the ‘extent to which the Athlete is able to execute the specific tasks and activities fundamental to the sport’).

7. Eligible Impairment

7.1. Any Athlete wishing to compete in a sport governed by the IFSC must have an Eligible Impairment and that Eligible Impairment must be Permanent.

7.2. Appendixes One and Two of these Classification Rules specify the Eligible Impairment(s) an Athlete must have in order to compete in a sport governed by the IFSC.

7.3. Any Impairment that is not listed as an Eligible Impairment in Appendixes One and Two is referred to as a Non-Eligible Impairment. Appendix Four includes examples of Non-Eligible Impairments.

Assessment of Eligible Impairment

7.4. The IFSC must determine if an Athlete has an Eligible Impairment.
   a. In order to be satisfied that an Athlete has an Eligible Impairment, the IFSC may require any Athlete to demonstrate that he or she has an Underlying Health Condition. Appendix Four lists examples of Health Conditions that are not Underlying Health Conditions.
   b. The means by which the IFSC determines that an individual Athlete has an Eligible Impairment is at the sole discretion of the IFSC. The IFSC may consider that an Athlete’s Eligible Impairment is sufficiently obvious and therefore not require evidence that demonstrates the Athlete’s Eligible Impairment.
   c. If in the course of determining if an Athlete has an Eligible Impairment the IFSC becomes aware that the Athlete has a Health Condition, and believes that the impact of that Health Condition may be that it is unsafe for that Athlete to compete or there is a risk to the health of the Athlete (or other Athletes) if that Athlete competes, it may designate the Athlete as Classification Not Completed (CNC) in accordance with Article 10 of these Classification Rules. In such instances the IFSC will explain the basis of its designation to the relevant Member Federation and/or National Paralympic Committee.
7.5. An Athlete must (if requested to do so) supply the IFSC with Diagnostic Information that must be provided as follows:
   a. The relevant Member Federation and/or National Paralympic Committee must submit a Medical Diagnostics Form to the IFSC, upon completing the registration of an Athlete.
   b. The Medical Diagnostics Form must be completed in English and dated and signed by a certified healthcare professional.
   c. The Medical Diagnostic Form must be submitted with supportive Diagnostic Information if required by the IFSC.

7.6. The IFSC may require an Athlete to re-submit the Medical Diagnostics Form (with necessary supportive Diagnostic Information) if the IFSC at its sole discretion considers the Medical Diagnostic Form and/or the Diagnostic Information to be incomplete or inconsistent.

7.7. If the IFSC requires an Athlete to provide Diagnostic Information it may consider the Diagnostic Information itself, and/or may appoint an Eligibility Assessment Committee to do so.

7.8. The process by which an Eligibility Assessment Committee is formed and considers Diagnostic Information is as follows:
   a. The Head of Classification will notify the relevant Member Federation or National Paralympic Committee that Diagnostic Information must be provided on behalf of the Athlete. The Head of Classification will explain what Diagnostic Information is required, and the purposes for which it is required.
   b. The Head of Classification will set timelines for the production of Diagnostic Information.
   c. The Head of Classification will appoint an Eligibility Assessment Committee. The Eligibility Assessment Committee must, if practicable, be comprised of the Head of Classification and at least two other experts with appropriate medical qualifications. All members of the Eligibility Assessment Committee must sign confidentiality undertakings.
   d. If the Head of Classification believes that he or she does not hold the necessary competencies to assess the Diagnostic Information, he or she will not participate in the review of the Diagnostic Information, but will assist the Eligibility Assessment Committee.
   e. Wherever possible all references to the individual Athlete and the source(s) of the Diagnostic Information should be withheld from the Eligibility Assessment Committee. Each member of the Eligibility Assessment Committee will review the Diagnostic Information and decide whether such information establishes the existence of an Eligible Impairment.
   f. If the Eligibility Assessment Committee concludes that the Athlete has an Eligible Impairment the Athlete will be permitted to complete Athlete Evaluation with a Classification Panel.
   g. If the Eligibility Assessment Committee is not satisfied that the Athlete has an Eligible Impairment the Head of Classification will provide a decision to this effect in writing to the relevant Member Federation or National Paralympic Committee. The Member Federation or National Paralympic Committee will be given an opportunity to comment on the decision and may provide further Diagnostic Information to the Eligibility Assessment Committee for review. If the decision is subsequently revised, the Head of Classification will inform the Member Federation or National Paralympic Committee.
h. If the decision is not changed, the Head of Classification will issue a final decision letter to the Member Federation or National Paralympic Committee.

i. The Eligibility Assessment Committee may make its decisions by a majority. If the Head of Classification is part of the Eligibility Assessment Committee, he or she may veto any decision if he or she does not agree that the Diagnostic Information supports the conclusion that the Athlete has an Eligible Impairment.

7.9. The IFSC may delegate one or more of the functions described above to a Classification Panel.

8. Minimum Impairment Criteria

8.1. An Athlete who wishes to compete in a sport must have an Eligible Impairment that complies with the relevant Minimum Impairment Criteria for that sport.

8.2. The IFSC has set Minimum Impairment Criteria to ensure that an Athlete’s Eligible Impairment affects the extent to which an Athlete is able to execute the specific tasks and activities fundamental to the sport.

8.3. Appendixes One and Two of these Classification Rules specify the Minimum Impairment Criteria applicable to each sport and the process by which an Athlete’s compliance with Minimum Impairment Criteria is to be assessed by a Classification Panel as part of an Evaluation Session.

8.4. Any Athlete who does not comply with the Minimum Impairment Criteria for a sport must be allocated Sport Class Not Eligible (NE) for that sport.

8.5. A Classification Panel must assess whether or not an Athlete complies with Minimum Impairment Criteria. This will take place as part of an Evaluation Session. Prior to participating in an Evaluation Session, an Athlete must first submit to the IFSC that he or she has an Eligible Impairment by sending the Medical Diagnostic Form documentation.

8.6. In relation to the use of Adaptive Equipment, the IFSC has set Minimum Impairment Criteria as follows:
   a. for Eligible Impairments other than Vision Impairment, Minimum Impairment Criteria must not consider the extent to which the use of Adaptive Equipment might affect how the Athlete is able to execute the specific tasks and activities fundamental to the sport;
   b. for Vision Impairment, Minimum Impairment Criteria must consider the extent to which the use of Adaptive Equipment might affect how the Athlete is able to execute the specific tasks and activities fundamental to the sport.

9. Sport Class

9.1. A Sport Class is a category defined by the IFSC in these Classification Rules, in which Athletes are grouped by reference to the impact of an Eligible Impairment on their ability to execute the specific tasks and activities fundamental to a sport.
   a. An Athlete who does not have an Eligible Impairment or does not comply with the Minimum Impairment Criteria for a sport must be allocated Sport Class Not Eligible (NE) for that sport in accordance with the provisions of Article 18 of these Classification Rules.
b. An Athlete who complies with the Minimum Impairment Criteria for a sport must be allocated a Sport Class (subject to the provisions in these Classification Rules concerning Failure to Attend Athlete Evaluation and Suspension of Athlete Evaluation).

c. Except for the allocation of Sport Class Not Eligible (NE) by the IFSC (in accordance with Article 18.1), the allocation of a Sport Class must be based solely on an evaluation by a Classification Panel of the extent to which the Athlete’s Eligible Impairment affects the specific tasks and activities fundamental to sport. This evaluation must take place in a controlled non-competitive environment, which allows for the repeated observation of key tasks and activities.

9.2. Appendixes One and Two of these Classification Rules specify the assessment methodology and assessment criteria for the allocation of a Sport Class and the designation of Sport Class Status.

10. **Classification Not Completed**

10.1. If at any stage of Athlete Evaluation, the IFSC or a Classification Panel is unable to allocate a Sport Class to an Athlete, the Head of Classification or the relevant Chief Classifier may designate that Athlete as Classification Not Completed (CNC).

10.2. The designation Classification Not Completed (CNC) is not a Sport Class and is not subject to the provisions in these Classification Rules concerning Protests. The designation Classification Not Completed (CNC) will however be recorded for the purpose of the IFSC Classification Master List.

10.3. An Athlete who is designated as Classification Not Completed (CNC) may not compete in the sport of the IFSC.
11. **The Classification Panel**  

11.1. A Classification Panel is a group of Classifiers appointed by the IFSC to conduct some or all of the components of Athlete Evaluation including as part of an Evaluation Session.

**General Provisions**  

11.2. A Classification Panel must be comprised of at least two certified Classifiers. In exceptional circumstances a Chief Classifier may provide that a Classification Panel comprise only one Classifier, subject to that Classifier holding a valid medical qualification.

11.3. A Trainee Classifier may be part of a Classification Panel in addition to the required number of certified Classifiers, and may participate in Athlete Evaluation.

12. **Classification Panel Responsibilities**  

12.1. A Classification Panel is responsible for conducting an Evaluation Session. As part of the Evaluation Session the Classification Panel must:

   a. Assess whether an Athlete complies with Minimum Impairment Criteria for the sport;
   b. Assess the extent to which an Athlete is able to execute the specific tasks and activities fundamental to the sport; and
   c. Conduct (if required) Observation in Competition.

12.2. Following the Evaluation Session the Classification Panel must allocate a Sport Class and designate a Sport Class Status, or designate Classification Not Completed (CNC).

12.3. Prior to the Evaluation Session, the assessment as to whether an Athlete has an Eligible Impairment must be undertaken by the IFSC, unless the IFSC requests this to be undertaken by a Classification Panel.

12.4. The Evaluation Session must take place in a controlled non-competitive environment that allows for the repeated observation of key tasks and activities.

   a. Although other factors such as low fitness level, poor technical proficiency and aging may also affect the fundamental tasks and activities of the sport, the allocation of Sport Class must not be affected by these factors.

12.5. An Athlete who has a Non-Eligible Impairment and an Eligible Impairment may be evaluated by a Classification Panel on the basis of the Eligible Impairment, provided the Non-Eligible Impairment does not affect the Classification Panel’s ability to allocate a Sport Class.

12.6. The Sport Class allocated to the Athlete will be in accordance with the processes specified in Appendixes One, Two and Three.

13. **Evaluation Sessions**  

13.1. This Article applies to all Evaluation Sessions.
13.2. The Athlete’s Member Federation is responsible for ensuring that Athletes comply with their duties in relation to the provisions in this Article.

13.3. In respect of Athletes:
   a. Athletes have the right to be accompanied by a member of the Athlete’s Member Federation when attending an Evaluation Session. The Athlete must be accompanied if the Athlete is a minor or has an Intellectual Impairment.
   b. The person chosen by the Athlete to accompany the Athlete at an Evaluation Session should be familiar with the Athlete’s Impairment and sport history.
   c. The Athlete and accompanying person must acknowledge the terms of the Athlete Evaluation Agreement Form as specified by the IFSC.
   d. The Athlete must verify his or her identity to the satisfaction of the Classification Panel, by providing a document such as a passport, ID card or event accreditation.
   e. The Athlete must attend the Evaluation Session with any sports attire or equipment relevant to the sport for which the Athlete wishes to be allocated a Sport Class.
   f. The Athlete must disclose the use of any medication and/or medical device/implant to the Classification Panel.
   g. The Athlete must comply with all reasonable instructions given by a Classification Panel.

13.4. In respect of the Classification Panel:
   a. The Classification Panel may request that an Athlete provide medical documentation relevant to the Athlete’s Eligible Impairment if the Classification Panel believes that this will be necessary in order for it to allocate a Sport Class.
   b. The Classification Panel will conduct Evaluation Sessions in English unless otherwise stipulated by the IFSC. If the Athlete requires an interpreter, a member of the Athlete’s Member Federation will be responsible for arranging for an interpreter. The interpreter is permitted to attend the Evaluation Session in addition to the person referred to in Article 13.3.1 above.
   c. The Classification Panel may at any stage seek medical, technical or scientific opinion(s), with the agreement of the Head of Classification and/or a Chief Classifier if the Classification Panel feels that such opinion(s) is necessary in order to allocate a Sport Class.
   d. In addition to any opinion(s) sought in accordance with Article 13.4.3, a Classification Panel may only have regard to evidence supplied to it by the relevant Athlete, Member Federation, National Paralympic Committee and the IFSC (from any source) when allocating a Sport Class.
   e. The Classification Panel may make, create or use video footage and/or other records to assist it when allocating a Sport Class.

14. Observation in Competition
14.1. A Classification Panel may require that an Athlete undertake Observation in Competition Assessment before it allocates a final Sport Class and designates a Sport Class Status to that Athlete.

14.2. The methods by which Observation in Competition Assessment may be undertaken, and the matters to be observed, are set out in Appendix Three.

14.3. If a Classification Panel requires an Athlete to complete Observation in Competition Assessment, the Athlete will be entered in the Competition with the Sport Class allocated by the Classification Panel after the conclusion of the initial components of the Evaluation Session.

14.4. An Athlete who is required to complete Observation in Competition Assessment will be designated with Tracking Code: Observation Assessment (OA). This replaces the Athlete’s Sport Class Status for the duration of Observation in Competition Assessment.

14.5. Observation in Competition Assessment must take place during First Appearance. In this regard First Appearance is the first time an Athlete competes in an Event during a Competition in a particular Sport Class.

14.6. If an Athlete is:
   a. Subject to a Protest following Observation in Competition; and
   b. The second Evaluation Session is conducted at that same Competition; and
   c. Pursuant to the second Evaluation Session the Athlete is required to undergo Observation in Competition, Observation in Competition must take place at the next opportunity within the Sport Class allocated to the Athlete by the Protest Panel with Tracking Code Observation Assessment (OA).

14.7. The Classification Panel must allocate a Sport Class and replace the Athlete’s Tracking Code Observation Assessment (OA) by designating a Sport Class Status upon completion of First Appearance (or completion of any Observation in Competition conducted as part of a Protest). If changes to an Athlete’s Sport Class or Sport Class Status are made following Observation in Competition, the changes are effective immediately.

14.8. The impact of an Athlete changing Sport Class after First Appearance on medals, records and results is detailed in the IFSC Rules and Regulations.

15. **Sport Class Status**

15.1. If a Classification Panel allocates a Sport Class to an Athlete, it must also designate a Sport Class Status. Sport Class Status indicates whether or not an Athlete will be required to undertake Athlete Evaluation in the future; and if the Athlete’s Sport Class may be subject to Protest.

15.2. The Sport Class Status designated to an Athlete by a Classification Panel at the conclusion of an Evaluation Session will be one of the following:
   a. Confirmed (C)
   b. Review (R)
   c. Review with a Fixed Review Date (FRD)
Sport Class Status Confirmed
15.3. An Athlete will be designated with Sport Class Status Confirmed (C) if the Classification Panel is satisfied that both the Athlete’s Eligible Impairment and the Athlete’s ability to execute the specific tasks and activities fundamental to the sport are and will remain stable (with the exception for Athletes with Vision Impairment as referred to in Article 6.2.3).
   a. An Athlete with Sport Class Status Confirmed (C) is not required to undergo any further Athlete Evaluation (save pursuant to the provisions in these Classification Rules concerning Protests (Article 19), Medical Review (Article 31) and changes to Sport Class criteria (Article 15.7)).
   b. A Classification Panel that consists of only one Classifier may not designate an Athlete with Sport Class Status Confirmed (C) but must designate the Athlete with Sport Class Status Review (R).

Sport Class Status Review
15.4. An Athlete will be designated Sport Class Status Review (R) if the Classification Panel believes that further Evaluation Sessions will be required.
   a. A Classification Panel may base its belief that further Evaluation Sessions will be required based on a number of factors, including but not limited to situations where the Athlete has only recently entered Competitions sanctioned or recognised by the IFSC; has a fluctuating and/or progressive Impairment/Impairments that is/are permanent but not stable; and/or has not yet reached full muscular skeletal or sports maturity.
   b. An Athlete with Sport Class Status Review (R) must complete Athlete Evaluation prior to competing at any subsequent International Competition, unless the IFSC specifies otherwise.

Sport Class Status Review with Fixed Review Date
15.5. An Athlete may be designated Sport Class Status Review with a Fixed Review Date (FRD) if the Classification Panel believes that further Athlete Evaluation will be required but will not be necessary before a set date, being the Fixed Review Date.
   a. An Athlete with Sport Class Status Review with a Fixed Review Date (FRD) will be required to attend an Evaluation Session at the first opportunity after the relevant Fixed Review Date.
   b. An Athlete who has been allocated Sport Class Status Review with a Fixed Review Date (FRD) may not attend an Evaluation Session prior to the relevant Fixed Review Date save pursuant to a Medical Review Request and/or Protest.
   c. A Classification Panel that consists of only one Classifier may not designate an Athlete with Sport Class Status Review with a Fixed Review Date (FRD) but must designate the Athlete with Sport Class Status Review (R).

Changes to Sport Class Criteria
15.6. If the IFSC changes any Sport Class criteria and/or assessment methods defined in the Appendixes to these Rules, then:
a. The IFSC may re-assign any Athlete who holds Sport Class Status Confirmed (C) with Sport Class Status Review (R) and require that the Athlete attend an Evaluation Session at the earliest available opportunity; or

b. The IFSC may remove the Fixed Review Date for any Athlete and require that the Athlete attend an Evaluation Session at the earliest available opportunity; and

c. in both instances the relevant Member Federation or National Paralympic Committee shall be informed as soon as is practicable.

16. Multiple Sport Classes

16.1. This Article applies to Athletes who are potentially eligible to be allocated more than one Sport Class.

Multiple Eligible Impairments

16.2. An Athlete who has a Physical and Vision Impairment may be eligible to be allocated more than one Sport Class in relation to those Eligible Impairments. In such instances:

a. The Athlete’s Member Federation or National Paralympic Committee must notify the IFSC as to the Athlete’s Eligible Impairments and the Athlete’s eligibility to be allocated more than one Sport Class in respect of those Impairment types, and provide all necessary medical diagnostic information as required;

b. The Athlete must be offered the opportunity to participate in an Evaluation Session in respect of each Sport Class relevant to his or her multiple Impairments, either at the relevant Competition or the subsequent Competition;

c. At the conclusion of the Evaluation Sessions referred to in Article 16.2.2 the Athlete must choose the Sport Class that he or she wishes to compete in (‘the preferred Sport Class’). If the allocation of any Sport Class is subject to Observation in Competition the Athlete must select the preferred Sport Class before making any First Appearance;

d. The selection of Sport Class will be subject to all applicable IFSC Rules and Regulations (including but not limited to those in relation to the use of equipment, the weight of equipment, and the use of guides); and

e. The Athlete will be permitted to compete in the preferred Sport Class and details of the Athlete’s preferred Sport Class will be published.

Athletes with Physical Impairment

16.3. An Athlete who has a Physical Impairment may be allocated more than one Sport Class relevant to that Physical Impairment subject to any applicable IFSC Rules and Regulations.

Changing Sport Class

16.4. An Athlete who has a Physical and Vision Impairment may request to change his or her preferred Sport Class:

a. At the end of the season when the Athlete’s first Evaluation Session was completed; or

b. After the close of the Paralympic Summer and before the start of the next season thereafter.
16.5. A request to change a preferred Sport Class must be made to the IFSC by the Athlete’s Member Federation or National Paralympic Committee. The application must be submitted to the IFSC in accordance with the timeframe identified under Article 16.6.

16.6. Nothing in this Article 16 precludes an Athlete from making a Medical Review Request at any time in respect of any Sport Class.

17. Notification

17.1. The outcome of Athlete Evaluation must be notified to the Athlete and/or Member Federation Federation or National Paralympic Committee and published as soon as practically possible after completion of Athlete Evaluation.

Part Five: Sport Class Not Eligible

18. Sport Class Not Eligible

General Provisions
18.1. If the IFSC determines that an Athlete:
   a. Has an Impairment that is not an Eligible Impairment; or
   b. Does not have an Underlying Health Condition,

the IFSC must allocate that Athlete Sport Class Not Eligible (NE).

18.2. If a Classification Panel determines that an Athlete who has an Eligible Impairment does not comply with Minimum Impairment Criteria for a sport that Athlete must be allocated Sport Class Not Eligible (NE) for that sport.

Absence of Eligible Impairment
18.3. If the IFSC determines that an Athlete does not have an Eligible Impairment, that Athlete:
   a. will not be permitted to attend an Evaluation Session; and
   b. will be allocated with Sport Class Not Eligible (NE) and designated with Sport Class Status Confirmed (C) by the IFSC.

18.4. If another International Sport Federation has allocated an Athlete with Sport Class Not Eligible (NE) because the Athlete does not have an Eligible Impairment the IFSC may likewise do so without the need for the process detailed in Article 7 of these Classification Rules.

18.5. An Athlete who is allocated Sport Class Not Eligible (NE) by the IFSC or a Classification Panel (if delegated by the IFSC)

   a. an Impairment that is not an Eligible Impairment; or
   b. a Health Condition that is not an Underlying Health Condition;

has no right to request such determination be reviewed by a second Classification Panel and will not be permitted to participate in any sport.

Absence of Compliance with Minimum Impairment Criteria
18.6. A second Classification Panel must review by way of a second Evaluation Session any Athlete who is allocated Sport Class Not Eligible (NE) on the basis that a Classification Panel determines that the Athlete does not comply with Minimum Impairment Criteria. This must take place as soon as practicable.
   a. Pending the second Evaluation Session the Athlete will be allocated Sport Class Not Eligible (NE) and designated Sport Class Status Review (R). The Athlete will not be permitted to compete before such reassessment.
   b. If the second Classification Panel determines the Athlete does not comply with Minimum Impairment Criteria (or if the Athlete declines to participate in a second Evaluation Session at the time set by the Chief Classifier); Sport Class Not Eligible (NE) will be allocated and the Athlete designated with Sport Class Status Confirmed (C).
18.7. If an Athlete makes (or is subject to) a Protest on a previously allocated Sport Class other than Not Eligible (NE) and is allocated Sport Class Not Eligible (NE) by a Protest Panel, the Athlete must be provided with a further and final Evaluation Session which will review the decision to allocate Sport Class Not Eligible (NE) made by the Protest Panel.

18.8. If a Classification Panel allocates Sport Class Not Eligible (NE) on the basis that it has determined that an Athlete does not comply with Minimum Impairment Criteria for a sport the Athlete may be eligible to compete in another sport, subject to Athlete Evaluation for that sport.

18.9. If an Athlete is allocated Sport Class Not Eligible (NE), this does not question the presence of a genuine Impairment. It is only a ruling on the eligibility of the Athlete to compete in the sport of the IFSC.
Part Six: Protests

19. Scope of a Protest

19.1. A Protest may only be made in respect of an Athlete’s Sport Class. A Protest may not be made in respect of an Athlete’s Sport Class Status.

20. Parties Permitted to Make a Protest

A Protest may only be made by one of the following bodies:

20.1. a Member Federation (see Articles 21-22); or

20.2. a National Paralympic Committee (see Articles 21-22); or

20.3. the IFSC (see Articles 23-24).

21. National Protests

21.1. A Member Federation or a National Paralympic Committee may only make a Protest in respect of an Athlete under its jurisdiction at a Competition or venue set aside for Athlete Evaluation.

21.2. If the outcome of Athlete Evaluation is published during a Competition (pursuant to Article 17 of these Classification Rules) a National Protest must be submitted within one (1) hour of that outcome being published. If the outcome of Athlete Evaluation is published following Observation in Competition a National Protest must be submitted within fifteen (15) minutes of that outcome being published.

21.3. If an Athlete is required by a Classification Panel to undergo Observation in Competition Assessment, a Member Federation or a National Paralympic Committee may make a Protest before or after First Appearance takes place. If a Protest is made before First Appearance takes place the Athlete must not be permitted to compete until the Protest has been resolved.

22. National Protest Procedure

22.1. To submit a National Protest, a Member Federation or a National Paralympic Committee must show that the Protest is bona fide with supporting evidence and complete a Protest Form, that must be made available by the IFSC at the Competition and via the IFSC website, and must include the following:

a. The name and sport of the Protested Athlete;

e. The Protest Fee set by the IFSC.
22.2. The Protest Documents must be submitted to the Chief Classifier of the relevant Competition within the time frames specified by the IFSC. Upon receipt of the Protest Documents the Chief Classifier must conduct a review of the Protest, in consultation with the IFSC (Head of Classification), of which there are two possible outcomes:
   a. The Chief Classifier may dismiss the Protest if, in the discretion of the Chief Classifier, the Protest does not comply with the Protest requirements in this Article 22; or
   b. The Chief Classifier may accept the Protest if, in the discretion of the Chief Classifier, the Protest complies with the Protest requirements in this Article 22.

22.3. If the Protest is dismissed the Chief Classifier must notify all relevant parties and provide a written explanation to the Member Federation or National Paralympic Committee as soon as practicable. The Protest Fee will be forfeited.

22.4. If the Protest is accepted:
   a. The Protested Athlete’s Sport Class must remain unchanged pending the outcome of the Protest but the Protested Athlete’s Sport Class Status must immediately be changed to Review (R) unless the Protested Athlete’s Sport Class Status is already Review (R);
   b. The Chief Classifier must appoint a Protest Panel to conduct a new Evaluation Session as soon as possible, which must be either at the Competition the Protest was made or at the next Competition; and

24.2. The Head of Classification must provide the relevant Member Federation or National Paralympic Committee with a written explanation as to why the Protest has been made and the basis on which the Head of Classification considers it is justified.

24.3. If the IFSC makes a Protest:
   a. The Protested Athlete’s Sport Class must remain unchanged pending the outcome of the Protest;
   b. The Protested Athlete’s Sport Class Status must immediately be changed to Review (R) unless the Protested Athlete’s Sport Class Status is already Review (R); and
   c. A Protest Panel must be appointed to resolve the Protest as soon as is reasonably possible.

   a. The Protested Athlete must be permitted to compete in the Sport Class that is the subject of the Protest with Sport Class Status Review (R), pending the resolution of the Protest; and
   b. All reasonable steps must be taken to ensure that the Protest is resolved at the earliest opportunity.
