 - 2) schedule the repeat attempt following the agreed recuperation period. All competitors yet to climb shall be informed about this decision,

provided that if the affected competitor is ranked first at the end of the round, they shall not be allowed a new attempt on the route.

General

8.1 Boulder competitions shall:

- A) take place on short routes (“**boulders**”) constructed on purpose-designed artificial climbing walls, climbed without ropes;
- B) be organised with:
 - 1) A Qualification round consisting of a single course of five (5) boulders for each Starting Group; and
 - 2) A Final and/or Semi-Final round(s) each consisting of a single course of four (4) boulders for each Category,

in exceptional circumstances the Jury President may cancel up to one (1) boulder in any round.

8.2 Design of boulders:

- A) each boulder shall be designed:
 - 1) to limit the risk that a fall may injure the competitor or any third party, or obstruct any other competitor;
 - 2) without any downward jumps.
- B) the maximum number of handholds on one boulder should be 12 and the average number of handholds per boulder in any round should be between four (4) and eight (8).
- C) each boulder shall be clearly marked to identify:
 - 1) “Starting Holds” for both hands and both feet which shall not include blank or unbounded parts of the Climbing Surface. The Starting Holds should not be marked with specific positions for the hands.
 - 2) a “Zone Hold”, which shall be positioned to aid the separation of competitors with markedly different performance.
 - 3) a “Top”, which shall be either:
 - a) a marked finishing hold (the “Top Hold”); or
 - b) a standing position on top of the boulder,
- D) the markings used on each boulder shall indicate:
 - 1) the Starting Holds/Top in one colour;
 - 2) the Zone Hold using a second colour,

in each case using a different colour to any other demarcation on the Climbing Surface. An

example of these markings shall be installed within the Isolation Zone, which should be the same for the entire duration of a competition.

- 8.3 A timing system shall be used in each round to display the time remaining within each Preparation Period and Climbing Period. The timing system display shall:
- A) be visible to all competitors on the field of play and in each Transit Zone;
 - B) show the time remaining within the relevant period, rounded up to whole seconds;
 - C) provide audio signals to announce:
 - 1) the beginning and the end of each Climbing Period;
 - 2) when one minute remains within each Climbing Period; and
 - 3) a five (5) second countdown at the end of each period.

Safety

- 8.4 Safety matting shall be used to protect each boulder:
- A) the Chief Route-Setter shall adjust the number and character of the boulders to the safety matting available. If mats are joined, gaps shall be covered in order to avoid competitors falling in between them.
 - B) the Jury President, the IFSC Judge and the Chief Route-Setter shall inspect each boulder and the safety matting prior to the start of each round to identify and address any safety risks.

Starting order and quotas

- 8.5 The qualification round may be organised with one (1) or two (2) Starting Groups for each Category:
- A) the number of Starting Groups in each Category shall be determined as follow:

Registered competitors	Number of Starting Groups
< 40	1
41 – 59	1 or 2
> 59	2

- B) where two (2) Starting Groups are used:
 - 1) each course should have similar overall difficulty and the boulders on each course should be constructed with similar character (profile and style).
 - 2) competitors shall be allocated to Starting Groups as follow:
 - a) any competitors having a World Ranking for Boulder on the day of the Technical Meeting shall be allocated to a Starting Group in the manner shown in the following example:

Starting Group A

- 1st
- 4th
- 5th

Starting Group B

- 2nd
- 3rd
- 6th

b) unranked competitors shall be allocated to Starting Groups at random, such that a near equal number of competitors are allocated to each Starting Group.

8.6 The quotas for each round following Qualification will be filled with the best ranked competitors from the previous completed round as at the point in time when the results for that round have been made official and any appeals sentenced. If the relevant quota is exceeded as a result of ties, all tied competitors qualify for the next round:

A) The quota for the Semi-Final round will be determined by the number of registered competitors in the relevant Category. If there are two Starting Groups in any Category, the quota for the following round shall be equally divided and applied to both groups.

Registered competitors	Quota
<21	N/A
>20	20

B) the quota for the Final round shall be six (6).

8.7 The starting order:

A) within each Starting Group in Qualification shall be determined as follow:

- 1) first, any competitors having a World Ranking, in ascending order of this ranking (i.e. the best ranked competitor starts first); and
- 2) second, all unranked competitors in random order.

B) for each subsequent round, will be the reverse of the ranking from the preceding round, i.e. the best ranked starts last. Where competitors are tied, their starting order will be:

- 1) where the tied competitors each have a World Ranking, in descending order of their World Ranking. i.e. best ranked starts last;
- 2) where the tied competitors are each unranked or have the same World Ranking, randomised;
- 3) where competitors(s) having a World Ranking and unranked competitor(s) are tied, the unranked competitor shall start first,

and in each case will be published in an Official Start List.

Competition procedure

8.8 All rounds of Boulder competitions shall be conducted under Isolation Conditions. Competitors eligible to compete in any round of a competition must report to the Isolation Zone by the time

stated on the Official Start List for that round, competitors who have not reported to the Isolation Zone or who are not present in the Isolation Zone at such time will not be eligible to start the round.

- 8.9 Where consecutive rounds of a competition take place on the same day, there should be a minimum time gap of two (2) hours between the time when the last competitor finishes the first round and the closing of the Isolation Zone for the following round.
- 8.10 The Qualification and Semi-Final rounds will be organised as a series of rotations each equal in duration to the Attempt Period for the round, each competitor participating in the round:
- A) will start their attempts on each boulder in the order set out on the Official Start List. No rescheduling will be permitted if a competitor is unable to start at the relevant time.
 - B) will attempt each boulder of the relevant course in the prescribed order;
 - C) will have a resting period equal to the Attempt Period for the round in between their attempts on each successive boulder.
 - D) at the end of the Climbing Period, the competitors who were climbing, shall stop climbing and enter a designated Transit Zone. This Transit Zone shall be located so that competitors cannot observe any boulder not yet attempted.
 - E) at the start of each Climbing Period, the competitors who were resting shall (if able) commence their attempts on the next boulder in succession or having finished the course, leave the Competition Area. The Jury President should ensure that competitors are not released from the Transit Zone before the end of the rotation following their completion of the course.
- 8.11 The Final round:
- A) shall be preceded by a presentation of the competitors participating in the round;
 - B) for each Category:
 - 1) each boulder will be attempted by all competitors in the order set out on the Official Start List;
 - 2) once a competitor has finished their attempts, they will return to a separate Transit Zone and the next competitor will start;
 - 3) once all competitors have completed their attempts on a boulder, the competitors will move on to the next boulder as a group.

Observation procedure

- 8.12 Observation
- A) there will be no separate observation period for the Qualification and Semi-Final rounds.
 - B) the Final round shall be preceded by a collective observation for period of two (2) minutes per boulder.

- 1) during this period, competitors may touch (only) the marked Starting Holds and are prohibited from using any recording equipment.
 - 2) at the end of this period, competitors will return to the Isolation Zone or to a Transit Zone as directed by the IFSC Officials.
- C) A photograph or sketch of each Boulder may be shown in the Isolation Zone or in the Transit Zone for the relevant boulder..

Climbing procedure

8.13

- A) The Attempt Period within each of the Qualification and Semifinal rounds shall comprise a fixed Preparation Period during which a competitor may prepare for their attempts prior to entering the Field or Play, and a fixed Climbing Period. The duration of these periods shall be:

Round	Preparation Period	Climbing Period
Qualification	15 seconds	5 minutes
Semi-Final	15 seconds	5 minutes

- B) The Attempt Period within the Final round shall allow a Climbing Period of four (4) minutes with no separate Preparation Period,

and in each case, competitors may make unlimited attempts on any boulder within the relevant Climbing Period. In certain circumstances, a separate practice period may be defined where a competition is “after-work”, during which competitors may practice or “work” on boulders. Other than during such practice periods, each boulder must be attempted in its entirety and competitors must not practice or “work” or use Illegal Aid on any part of a boulder.

8.14 Subject to the rules governing the scoring of attempts, competitors may at any time:

- A) clean any part of the boulder that they can reach without making use of any hold;
- B) request that any part of the boulder be cleaned,

and only brushes and other materiel provided by the Event Organiser may be used for these purposes.

8.15 A competitor’s attempt will be deemed to have:

- A) Started when every part of the competitor’s body has left the ground.
- B) Finished when:
 - 1) Successful;
 - 2) they have fallen or touched the ground after starting; or
 - 3) the attempt has been terminated by the boulder judge or an IFSC Official as:
 - a) Unsuccessful; or

- b) if a Technical Incident has occurred.

Judging and scoring

8.16 Each boulder shall be judged by at least one (1) National Judge who shall record:

- A) the number of attempts made by each competitor. An attempt will be counted each time the competitor:
 - 1) makes either a Correct or Incorrect start;
 - 2) prior to starting, touches or makes use of any Artificial Hold or Structure other than:
 - a) the Starting Holds, or
 - b) any Artificial Hold or Structure which is fixed or positioned so as to modify the usable part(s) of any Starting Hold (a “**Blocker Hold**”);
 - 3) adds any “tick marks”,and in respect of (2) and (3), a disciplinary sanction may also be applied.
- B) on which attempts the competitor Controls the Zone Hold;
- C) on which attempt the competitor Successfully completes the boulder.

8.17 A competitor’s attempt will be:

- A) judged “**Unsuccessful**” if:
 - 1) the competitor has made an Incorrect start;
 - 2) the competitor has touched the safety matting after leaving the ground;
 - 3) the Climbing Period has expired;
 - 4) the competitor has made use of any Illegal Aid,and the relevant attempt terminated, and
- B) otherwise judged “**Successful**” where the competitor is in a Controlled position:
 - 1) with both hands matched on the Top Hold; or
 - 2) standing on top of the boulder,and in each case the boulder judge has raised a hand and announced “**OK**”.

8.18 A competitor’s start will be judged:

- A) “**Correct**” where the competitor achieves a stable Controlled position with both hands and both feet on the Starting Holds without Controlling or Using any other Artificial Holds or Structures. For the avoidance of doubt, when starting a boulder, a competitor may:
 - 1) touch, Control or Use any part of the Climbing Surface in order to attain the Starting

Holds; and/or

- 2) touch any Blocker Hold(s).
- B) “**Incorrect**” where the competitor
- 1) Fails to achieve a stable Controlled position with both hands and both feet on the Starting Holds; or
 - 2) Controls or Uses any Artificial Holds or other Structures not marked as Starting Holds before achieving a stable Controlled position with both hands and both feet on the Starting Holds.

Ranking

8.19 On each course of boulders:

- A) any competitor who fails or is ineligible to start the course will be unranked in the relevant round and their result marked with the appropriate IRM.
- B) each competitor starting the course shall be ranked using the following criteria:
 - 1) in descending order, the number of Successfully completed boulders (“**Tops**”);
 - 2) in descending order, the number of boulders on which the competitor has either:
 - a) Controlled (with any hand) the Zone Hold; or
 - b) successfully completed the boulder without having Controlled the Zone Hold, this number being the “**Zone Points**” awarded;
 - 3) in ascending order, the total number of attempts to achieve these Tops;
 - 4) in ascending order, the total number of attempts to achieve these Zone Points;

8.20 Semi-Final & Final rankings

If any competitors are tied following the ranking procedure of Article 8.19, their relative ranking shall be determined:

- A) by count-back to their rankings from the previous round (unless the previous round was held with two Starting Groups);
- B) if, in respect of the Final round (or where the Final round was cancelled, the Semi-Final round), any competitors are tied in equal 1st, 2nd or 3rd place following count-back (if relevant), the relative ranking of these competitors will be determined by comparing the best results for each such competitor:
 - 1) starting with the number of Tops attained on the 1st attempt, then the number of Tops attained on the 2nd attempt, and so on; and
 - 2) where the comparison in (a) cannot break any tie, by comparing the number of Zones attained on the 1st attempt, then the number of Zones attained on the 2nd attempt, and

so on,

where competitors remain tied following (1) and (2), the results of such competitors shall be considered equal.

8.21 General Ranking:

Subject always to paragraph 4.10 of these rules, the General Ranking shall be determined on the following basis:

- A) competitors having a Final ranking, in that order; and
- B) where applicable, competitors having a Semi-Final ranking, in that order; and
- C) competitors having only a Qualification ranking, in that order, provided that where the Qualification round takes place with two Starting Groups, their General Ranking shall be determined by merging the rankings from each group, treating competitors having equal rankings between the two groups as tied.

Technical Incidents and Appeals

8.22 Only Official Video Recordings, and at the discretion of the Jury President any official IFSC broadcast video recording, shall be used for the purposes of determining Technical Incidents and Appeals. The Official Video Recordings must as a minimum record:

- A) the Starting Holds for each boulder;
- B) the Zone Hold for each boulder; and
- C) the Top for each boulder;
- D) any demarcations marked on the Climbing Surface.

8.23 If a competitor, Team Official or boulder judge considers that a Technical Incident has occurred, they must notify the IFSC Judge prior to commencing any further attempts. No Technical Incident shall be considered where notification is made following the start of the next rotation.

8.24 The IFSC Judge, if necessary in consultation with an IFSC Route-Setter, shall determine whether a Technical Incident has occurred. For the avoidance of doubt, the following matters shall not be considered as Technical Incidents:

- A) the interruption of a competitor's attempts to stop bleeding;

8.25 An Appeal which if upheld:

- A) would entitle the affected competitor(s) to make further attempts on the relevant boulder(s):
 - 1) if made by the relevant competitor, may be made verbally and no Appeal Fee will be applicable;
 - 2) if made by a Team Official, must be made in writing,and in each case must be made:

- a) in respect of the Qualification or Semi-Final rounds, before the finish of the next rotation; or
 - b) in respect of the Final round, prior to the next competitor starting their attempts.
- B) would not entitle the affected competitor(s) to make further attempts on the relevant boulder(s), must be made in writing and:
- 1) in respect of any appeal concerning the Qualification or Semi-Final rounds, within five (5) minutes of the publication of the Official Results; or
 - 2) in respect of the Final round, upon the display of the relevant competitor's Provisional Result (or where no Provision Result is displayed, the Official Result).

8.26 Where a confirmed Technical Incident or an Appeal covered by Article 8.25(A):

- A) can be resolved/determined prior to the commencement of the next rotation, the relevant competitor shall be offered the opportunity to continue their attempts:
- 1) if the competitor chooses to continue, then the incident will be considered concluded.
 - 2) if the competitor chooses not to continue, then the competitor shall resume their attempts at a time determined by the Jury President, having due regard to:
 - a) any recuperation period appropriate for the affected competitor;
 - b) minimising the impact on other competitors;
 - c) the overall competition schedule.
- B) cannot be resolved/determined prior to the commencement of the next rotation:
- 1) in the case of a Technical Incident only, the round shall be suspended for the affected competitor and for all competitors on preceding boulders until the matter is resolved/determined; and
 - 2) the affected competitors shall resume their attempts as directed by the Jury President once the matter is resolved/determined,

and in each case, the affected competitors will act as directed by the Jury President. For the avoidance of doubt, any competitor who leaves the Competition Area prior to the matter being resolved/determined will not be permitted to resume their attempts.

8.27 When a competitor who has suffered a Technical Incident or who has been the subject of an Appeal resumes climbing:

- A) they shall be allowed the time remaining when the relevant incident occurred, with a minimum of two (2) minutes; and
- B) their next attempt:
- 1) in the case of a Technical Incident, shall be deemed a continuation of the prior attempt;

and

2) in the case of a determined Appeal, may be deemed as either:

a) a continuation of the prior attempt; or

b) as a new attempt,

in each case as the circumstances dictate.

9. SPEED

General

9.1 Format

Speed competitions shall:

- A) take place:
 - 1) on structures designed to the specification set out in the IFSC Speed Licence Rules;
 - 2) using an automatic timing system approved by the IFSC; and
 - 3) with the competitor secured from above using an IFSC-licenced automatic belay system,In exceptional circumstances, the Jury President may instead require a top-rope to be used, controlled from the ground by two belayers situated to the side of the climbing lanes.
- B) be organised with:
 - 1) a Qualification round consisting of a single stage, taking place on two lanes, left “A” and right “B”, with competitors climbing in pairs; and
 - 2) where the number of competitors recording a valid qualifying time is four (4) or more, a Final round consisting of between two (2) and four (4) elimination stages.
- C) should have a practice period preceding the Qualification round. Where a practice period is organised, the time and arrangements for this practice period shall be announced at the Technical Meeting.

9.2 The IFSC recognises World, Olympic and Continental records for the following Categories:

9.3 A record may be set only during scoring races (i.e. not during any practice period or any race which is abandoned or cancelled) and where:

- A) the Climbing Surface, Artificial Holds, timing system and autobelay system have been certified by the IFSC to meet the requirements for a World Record;
- B) the competition has been designated by the IFSC as a “Record Event”;
- C) a Jury President has been appointed by the IFSC Sport Department; and
- D) the Event Organiser has provided for anti-doping tests in compliance with the national regulations governing international sport in their country, the World Anti-Doping Code, the IFSC Anti-Doping Policy and Procedure and the IFSC Disciplinary Rules, on any competitor recording a time lower than or equal to the current World Record,

provided that any record set in-competition will be struck down where the relevant competitor is Disqualified or Disqualified for Behaviour at the relevant competition, or no anti-doping test is

performed/reported.

9.3A Subject to article 9.3, when a record-setting time is first recorded:

- A) the time will be designated as a record and the Jury President will record the competition, the round in which the race took place, the name, Category and nationality of the competitor and the date/time of the race;
- B) if multiple competitors in the same race each record a record-setting time:
 - 1) where the relevant competitors record different times when measured to the nearest 1/1000s, the record will be held by the race-winning competitor; or
 - 2) where the relevant competitors record the same time when measured to the nearest 1/1000s, the record will be held jointly by each of the competitors,

provided that where either:

- i) the relevant competitor is Disqualified or Disqualified for Behaviour at, or in relation to any breach of the WADA Code only, following the relevant competition; or
- ii) the timing system in use is ruled faulty during the course of the competition, then the relevant result will be struck down, the Jury President recording the same.

Safety

9.4 Each competitor shall wear a harness. The Jury President shall not permit a competitor to start if they reasonably believe that a competitor's harness is unsafe. Competitors may wear elbow and/or knee pads.

Starting orders and quotas

9.5 The quota for the Final round shall be determined by reference to the number of competitors having a Valid Time from the Qualification round (but excluding any competitors who have recorded a False Start) as follow:

Competitors with a Valid Time	Final quota
4 – 7	4
8 – 15	8
> 15	16

9.6 The starting order:

- A) for the Qualification round shall be determined as follow:
 - 1) for Lane A, by random selection; and
 - 2) for Lane B, in the same order as Lane A with a stagger of 50%. e.g. where the Start List includes 20 or 21 competitors, the competitor starting 11th on Lane A will start 1st on Lane B.

- B) for each stage of the final round shall be as set out Annex 4 (*Race/Lane Pairing (Speed)*), which also sets out the lane allocation for each race. If two or more competitors are tied following the Qualification round, their starting order in the first stage of the Final round shall be determined by random selection. The starting order and race pairings for the initial stage will be fixed at the point in time when the results for the Qualification round have been made official and any appeals sentenced.

Competition procedure

9.6A Each route will be cleaned following:

- A) the completion of the Practice Period, and
- B) the completion of the Qualification round for each Category.

9.7 Where a Practice period is held, competitors should be entitled to one practice run on each route. Competitors will not be stopped in the event of a False Start. The Practice period:

- A) should include a demonstration of the false start signal and of the timing equipment; and
- B) should take the form of a pre-run of the Qualification round, each competitor eligible to participate in the Qualification round making their attempts in the starting order published for the Qualification round. The Jury President may vary the timing and format of any Practice period to reflect circumstances specific to a competition.

9.8 In the Qualification round:

- A) each competitor may make one attempt on each lane, other than:
 - 1) where a re-run is required following a False Start or a Technical Incident, in which case an additional attempt shall be permitted; or
 - 2) where they fail to report to the Call Zone when called, in which case the relevant race shall proceed without them.
- B) each competitor shall remain in the Competition Area as directed by the Jury President until they have completed their attempts on both lanes.
- C) a competitor making a False Start on their first scheduled race will not be eligible to start their second scheduled race. In all cases where a False Start occurs, the competitor who has not made the False Start may re-run, in which case they will run alone. This re-run should take place before the next scheduled race.

9.9 The Final round:

- A) shall take place as a series of stages each consisting of a number of "duel" races, the winner of a race in any stage proceeding forward to the next stage. The number of stages and races in each stage will be determined by the quota for the Final round.
- B) in any race in the Final round, winner shall be determined as follow:
 - 1) where one competitor fails or is ineligible to start, the other competitor (and no race

- will be run);
- 2) where both competitors start:
 - a) where both competitors record a Valid Time, the competitor who records the lowest (or only) Valid Time;
 - b) where one competitor is determined to have made a False Start, the other competitor;
 - c) where both competitors each record the same Valid Time or no Valid Time (other than where a False Start has occurred), an additional race will run to break the tie. If following this the competitors remain tied, the tie will be broken by comparing the competitors' previously recorded times in the competition (excluding practice times).;
 - 3) where neither competitor starts, no competitor will be recorded as the winner;
- C) a presentation of all Semi-Finalists shall be made before the first race of the Semi-Final stage.
 - D) the losers of the Semi-Final races will compete for 3rd and 4th place in a "Small Final".
 - E) the winners of the Semi-Final races will compete for 1st and 2nd place in a "Big Final", which will follow the completion of the Small Final (or where multiple Categories are competing in parallel, following the completion of all Small Final races). If a False Start occurs in the Big Final (only), the winning competitor may elect to race alone.
 - F) each competitor shall remain in the Competition Area as directed by the Jury President.

Climbing procedure

9.10 All races shall be started with a clearly audible signal initiated by an assigned Starter, who shall not be an IFSC Official. The Starter shall select a position where he is not visible to the competitors. The source of the starting signal should be positioned as near possible equidistant from all competitors.

9.11 Each race shall use a common starting protocol:

- A) on being called to the start of a route, each competitor:
 - 1) should, within 10 seconds of being called, position the starting pad as appropriate for their preferred starting position. During this period competitors may touch (only) the first holds on the route and must remain on the ground;
 - 2) will present themselves to the belayer, who shall confirm that
 - a) the competitor's harness is properly fastened; and
 - b) the competitor's harness is safely connected to the automatic belay system or top-rope.
 - 3) will take up an assembly position as designated by the Starter, not more than two (2) meters in front of and facing away from the wall.

- B) at the command 'At your marks', each competitor will without delay take a position with both hands and one foot on their preferred starting holds, and one foot on the starting pad.
- C) once all competitors are motionless in their starting positions, the Starter shall announce 'Ready' and following this will initiate the timing system.
- D) if for any reason following the command 'At your marks' but prior to the Starter announcing 'Ready':
 - 1) the Starter is not satisfied that the race can proceed; or
 - 2) a competitor raises a hand to indicate that they are not ready to start,the Starter shall order all competitors to return to the assembly position.
- E) if a competitor fails to comply with (A) or (B), or by any action disturbs other competitors, the Starter shall order all competitors to return to the assembly position. The Jury President may issue a Yellow Card to the offending competitor.

9.12 False Starts

- A) where in any race, following the Starter declaring 'Ready!':
 - 1) one competitor has a Reaction Time less than 0.100s, that competitor shall be recorded as having made a False Start;
 - 2) both competitors have a Reaction Time less than 0.100s:
 - a) the competitor with the lowest (fastest) reaction time shall be recorded as having made a False Start; and
 - b) if both competitors have the same Reaction Time, the relevant race shall be re-run and no False Start shall be recorded.
- B) in addition to any recall signal made by the timing system following a False Start, the Starter shall also declare 'Stop!' as soon as possible.
- C) No Appeal may be made in relation to the validity of a Reaction Time recorded by an automatic timing system approved by the IFSC.

9.13 A result will be recorded as:

- A) a "**Valid Time**" where the relevant competitor:
 - 1) has struck the top timing pad/switch; and
 - 2) stopped the timer,

except where a False Start has been made by any competitor in the relevant race; or

- B) a "**Fall**" where the relevant competitor, in the course of an attempt:
 - 1) fails to stop the timer;

- 2) arrests any fall/slip other than using the highest hold Controlled/Used prior to the fall/slip;
- 3) uses the side edges or the top edges of the wall for climbing; or
- 4) touches the ground with any part of the body after having started.

9.14 Competitors shall be afforded a minimum resting time of five (5) minutes between attempts on the route(s) other than:

- A) where a tie-break race is held pursuant to Article 9.9(B)(2)c); or
- B) following the occurrence of a False Start pursuant to Article 9.12(A).

Judging and scoring

9.15 The climbing time for each competitor shall be defined as the period between the Starting Signal and the completion of the competitor's attempt. The timing system shall:

- A) record and display the climbing time for each competitor separately.
- B) be capable of measuring times to an accuracy of at least 1/1000s.
 - 1) times shall be recorded to the nearest 1/1000s for the purposes of ranking;
 - 2) displayed rounded down to the nearest 1/100s other than where necessary to show a tie-break.

9.16 Not used

Ranking

9.17 Qualification ranking:

- A) each competitor who fails or is ineligible to start both their scheduled races will be unranked in the round and their result marked Did Not Start or with another appropriate IRM.
- B) each competitor who has made a False Start on either their first or second scheduled race will be ranked equal last in the round.
- C) subject to (A) and (B) above, each competitor who has otherwise failed to record a Valid Time in one or both scheduled races will be ranked equal, ahead of any competitors who have made a False Start.
- D) subject to (A), (B) and (C) above, each competitor who has recorded a Valid Time in at least one of their scheduled races will be ranked in ascending order of their best (or only) Valid Time, measured to 1/1000s. Where any two competitors have the same best (or only) Valid Time, their relative ranking will be determined as follow:
 - 1) where both competitors have a second Valid Time, by comparison of these times;
 - 2) where only one athlete has a second Valid Time, they will be ranked ahead of the competitor with no second Valid Time;

- 3) where neither competitor has a second Valid Time, the two competitors will be ranked equal.
- E) if, following the above ranking procedure, the quota for the Final round is exceeded as a result of ties, the tied competitors shall re-run on Lane A until all relevant ties are broken. The times recorded in these attempts will be used only to determine which competitors qualify for the Final round and for no other purpose.

9.18 Final ranking:

- A) any competitor who fails or is ineligible to start their first scheduled race will be unranked in the round and their result marked Did Not Start or with another appropriate IRM.
- B) Competitors will be ranked in the Final round in order of the last stage in which they competed and within each stage in the following order:
 - 1) the race winners in that stage;
 - 2) any competitors in that stage deemed race losers under paragraph 9.9(B)(2), ranked relative to each other by comparing the competitors' previously recorded times in the competition (excluding practice times); and
 - 3) subject to paragraph (A) above, any competitors deemed race losers under paragraphs 9.9(B)(1) or 9.9(B)(3).

9.19 General Ranking:

Subject always to paragraph 4.10 of these rules, the General Ranking shall be determined on the following basis:

- A) competitors having a Final ranking, in that order; and
- B) competitors not having a Final ranking, in order of their Qualification ranking,
