C) the Appeals Jury agrees is otherwise invalid.

6.8 In respect of any Valid Appeal concerning some non-compliance with these rules, or some decision in relation to a competition (the “Original Decision”):

B) The Jury President may authorise:

1) the climbing rope pre-fixed to one or more Protection Points; and

2) use of a “spotter” to provide additional security for the lower part of the route, but wherever possible the design of the route should make such precautions unnecessary.
Safety

7.3 The Jury President:

A) together with the IFSC Judge and the Chief Routesetter, shall inspect each route prior to the start of each round. The Chief Routesetter may rule that a Protection Point must for reasons of safety be clipped from a particular hold (a “Safety Hold”) or earlier, in which case such hold(s) and the relevant Protection Point(s) shall be clearly marked with a blue cross and pointed out during the route observation.

B) shall decide whether the climbing rope should be replaced at any time during a competition.

7.4 Each competitor shall wear a harness. The Jury President shall not permit a competitor to start if they reasonably believe that a competitor’s harness is unsafe.

C) during any attempt on a route, shall pay attention to the competitor to ensure that there is an appropriate amount of slack in the climbing rope at all times, such that:

1) the competitor is not hindered in any way by the rope being either too tight or too loose;

2) any fall is stopped in a dynamic and safe manner; and

3) the competitor is safely lowered to the ground.

Starting orders and quotas

</tr>
<tr>
<td>5th</td>
<td>6th</td>
</tr>
</tbody>
</table>

b) unranked competitors shall be allocated to Starting Groups at random, such that a near equal number of competitors are allocated to each Starting Group.

7.7 The quota for each round following Qualification will be filled with the best ranked competitors from the previous completed round. If the relevant quota is exceeded as a result of ties, all tied competitors will qualify for the next round.

A) The quota for the Semi-Final round will be determined by the number of registered competitors in the relevant Sport Class Category:

<table>
<thead>
<tr>
<th>Registered competitors</th>
<th>Open Sport Class</th>
<th>Para Sport Classes</th>
</tr>
</thead>
<tbody>
<tr>
<td>N</td>
<td>26</td>
<td>-</td>
</tr>
</tbody>
</table>

If there are two Starting Groups in any Category, the quota for the Semi-Final round shall be equally divided and applied to both groups.

B) The quota for the Final round will be determined by the number of registered competitors in the relevant Sport Class Category:

<table>
<thead>
<tr>
<th>Registered competitors</th>
<th>Open Sport Class</th>

A) if there are two Starting Groups in any Category, the quota for the following round shall be equally divided and applied to both groups;

B) the quota for each round shall be filled with the best ranked competitors from the previous completed round. If the quota is exceeded as a result of ties, all tied competitors will qualify.
7.8 The starting order:

A) within each Starting Group in Qualification shall be determined as follow:

1) for route A, by random selection; and

2) for route B, in the same order of the route A with a stagger of 50%. e.g. where the Starting List includes 20 or 21 competitors, the competitor starting 11th on route A will start 1st on route B;

B) for each subsequent round, shall be the reverse of the ranking from the relevant preceding round, i.e. the best ranked starts last. Where competitors are tied, their starting order shall be:

1) where the tied competitors each have a World Ranking, in descending order of their World Ranking, i.e. best ranked starts last;

2) where the tied competitors are each unranked or have the same World Ranking, randomised; and

3) where competitors(s) having a World Ranking and unranked competitor(s) are tied, the unranked competitor shall start first, and in each case will be published in an Official Start List.

Competition procedure

7.9 The Semi-Final and Final rounds of Lead competitions shall be conducted under Isolation Conditions. Competitors eligible to compete in the Semi-Final or Final rounds of a competition must report to the Isolation Zone by the time stated on the Official Start List for that round, competitors who have not reported to the Isolation Zone or who are not present in the Isolation Zone at such time will not be eligible to start the round. The Semi-Final and Final rounds of Lead competitions for the Open Sport Class (only) shall be conducted under Isolation Conditions.

7.11 Each competitor shall start their attempt on any route in the order set out on the relevant Official Start List. If a competitor is unable to start at the relevant time, no rescheduling shall be permitted.

7.12 In any round where the number of starters is greater than 22:

1) During this period, competitors may:

   a) touch (only) the first holds on the route without leaving the ground.

   b) use binoculars to observe the route;

   c) make hand-drawn sketches and notes, but shall not use any recording equipment.

2) At the end of this period, competitors shall return to the Isolation Zone or to a Transit Zone as directed by the IFSC Officials.

Climbing procedure

7.15 The fixed climbing period for each route shall be six (6) minutes. Each competitor may make one (1) attempt on any route, other than where supplementary attempts are permitted following an Appeal or Technical Incident. In certain circumstances, a separate practice period may be defined where a competition is “after-work” during which competitors may make additional attempts on the route with or without the use of Artificial Aid.

7.16 Unless instructed otherwise, competitors shall make all final preparations for their attempt in the Call Zone. Each competitor shall be allowed a final observation period of 40 seconds from the time at which the competitor leaves the Call Zone, following which they must start their attempt.

7.17 A competitor’s attempt shall be deemed to have:

A) Started, and measurement of the climbing time shall start, when every part of the competitor’s body has left the ground. For the avoidance of doubt, the route judge has
discretion to determine whether a competitor is starting or adjusting their position prior to starting. During their attempt, competitors:

1) are not permitted to clean holds; and

2) **where the route is attempted without the rope secured through an anchor at the top of the route**, must clip the Protection Points in sequence, provided that:

   a) the competitor may un-clip and re-clip the last clipped Protection Point at any time; and

   b) the competitor must correct any “Z-Clip” and to do so may un-clip and re-clip any of the Protection Points involved, provided that after correction all Protection Points must be clipped.

B) Finished when:

1) **where the route is attempted**:

   a) **without the rope secured through an anchor at the top of the route**, they have clipped the final Protection Point on the route;

   b) **with the rope secured through an anchor at the top of the route**, they have **Controlled the hold marked as “Top”**;

2) they have fallen; or

3) the attempt has been terminated by the IFSC Judge.

7.18 The IFSC Judge:

A) shall order that a competitor’s attempt be terminated if:

1) they reasonably believe that further progress on the route would be dangerous; or

2) the competitor has:

   a) exceeded the fixed climbing period for the route;

   b) returned to the ground after starting the route.

B) may order that a competitor’s attempt be terminated if:

1) the competitor is no longer in a Legitimate Position; or

2) a Technical Incident has occurred.

**Judging and scoring**

7.19 A Topo shall be prepared by the Chief Routesetter in consultation with the IFSC Judge before the start of each round of a competition; and in respect of the Semi-Final and Final routes only, should be made available to relevant Team Officials as soon as practical, but not prior to the observation
period for the relevant route and only once the Team Officials have left the Isolation Zone.

7.20 Each route shall be judged by at least one (1) National Judge assisted by a Time Keeper, who shall record for each competitor:

A) their climbing time to the nearest (lower) second;

B) their achieved score, which shall be either:

1) where the competitor has remained in a Legitimate Position throughout their attempt:
   a) “TOP”, where the competitor has clipped the final Protection Point on the route within the fixed climbing period; or
   b) the scoring value on the Topo for the last hold Controlled or Used by the competitor prior to their:
      i) falling; or
      ii) attempt being terminated; or

2) where the competitor has not remained in a Legitimate Position throughout their attempt, the scoring value on the Topo for the last hold Controlled by the competitor whilst in a Legitimate Position,

and in each case:

3) only holds used by either hand will be considered for scoring purposes, where the scoring value for Using a hold (designated by the postfix “+”) will be better than that for Controlling the same hold; and

4) scoring of a competitor’s attempt will be paused at the last hold marked on the Topo from which the Chief Routesetter has deemed it possible to clip any unclipped Protection Point when the competitor Controls (or passes) this hold, unless or until the relevant Protection Point has been clipped.

7.21 Where a competitor Controls/Uses a hold not marked on the Topo, the IFSC Judge and Chief Routesetter shall determine what scoring value should be assigned to this new hold. For the avoidance of doubt, this value may be the same as an existing hold or some new value.

Ranking

7.22 Each competitor attempting a route will be ranked on that route in the following order:

A) all competitors scored as TOP;

B) all other competitors in descending order of the score awarded to that competitor,

7.23 Qualification Ranking:

A) any competitor who fails or is ineligible to start both routes in their Starting Group will be unranked in the round and their result marked Did Not Start or with another appropriate IRM.
B) each competitor starting at least one route in the Qualification round shall be awarded their ranking points for each Qualification route equal to their fractional ranking on the relevant route.

C) the ranking of competitors within their Starting Group will be calculated in ascending order of the Qualification Points awarded to each competitor (i.e. lower Qualification Points is better) according to the following formula

\[ QP = \sqrt{(P_1 \times P_2)} \]

where:

- \( QP \) = Total Qualification Points, rounded to three (3) decimal places.
- \( P_1 \) = Ranking points on first Qualification route.
- \( P_2 \) = Ranking points on second Qualification route.

D) points data presented on the Official Results shall be presented rounded to two (2) decimal places.

7.24 Semi-final & Final rankings.

A) any competitor who fails or is ineligible to start the route will be unranked in the relevant round and their result marked Did Not Start or with another appropriate IRM

B) in relation to the Semi-Final round, if any competitors are tied following the ranking procedure of Article 7.22, their relative ranking shall be determined by count-back to their Qualification Ranking (unless the Qualification round was held with two Starting Groups).

C) in relation to the Final round, if any competitors are tied following the ranking procedure of Article 7.22, their relative ranking shall be determined:

1) by count-back to their rankings from the preceding round; and

2) if following count-back, any competitors are tied in joint first, second or third place, these places shall be determined by the climbing time for each competitor (lower times are better).

7.25 General Ranking

The General Ranking shall be determined on the following basis:

A) competitors having a Final ranking, in that order; and

B) where applicable, competitors having a Semi-Final ranking, in that order; and

C) competitors having only a Qualification ranking, in that order, provided that where the Qualification round takes place with two Starting Groups, their General Ranking shall be determined by merging the rankings from each group, treating competitors having equal rankings between the two groups as tied.
Technical Incidents and Appeals

7.26 Only Official Video Recordings, and at the discretion of the Jury President any official IFSC broadcast video recording, shall be used for the purposes of determining Technical Incidents and Appeals. The Official Video Recordings must as a minimum record:

A) all holds marked on the Topo;

B) all Protection Points on the route (including the Top);

C) any demarcations marked on the Climbing Surface.

7.27 If a competitor, a Team Official, belayer, or route judge considers that a Technical Incident has occurred, they must notify the IFSC Judge immediately. The IFSC Judge, if necessary in consultation with an IFSC Routesetter, shall determine whether a Technical Incident has occurred. If the IFSC Judge determines that a Technical Incident has occurred:

A) which has afforded the competitor an unfair advantage, the IFSC Judge may either:
   1) terminate the attempt; or
   2) allow the competitor to continue climbing with the result subject to review (and in this case no further attempt shall be permitted if the Technical Incident is subsequently confirmed);

B) which has afforded the competitor a disadvantage, and the competitor:
   1) is not in a Legitimate Position, the IFSC Judge shall terminate the attempt;
   2) is in a Legitimate Position, the IFSC Judge shall offer the competitor the opportunity to continue with their attempt or to have the attempt terminated. If the competitor elects to continue their attempt, the Technical Incident shall be deemed remedied and no subsequent claim may be made for a Technical Incident.

7.28 Where a competitor has fallen or attempt has been terminated as the direct result of an agreed Technical Incident,

A) they shall be escorted to a separate Transit Zone with access to warm-up facilities to await the determination of the Technical Incident and for the duration of any subsequent recuperation period. The competitor shall not be permitted to communicate with any person other than IFSC Officials and the Event Organiser’s staff during this period; and

B) the Jury President should:
   1) agree a recuperation period with the competitor, nominally calculated as one (1) minute for each handhold used prior to the Technical Incident, with a maximum of 20 minutes;
   2) schedule the repeat attempt following the agreed recuperation period. All competitors yet to climb shall be informed about this decision,

provided that if the affected competitor is ranked first at the end of the round, they shall not be allowed a new attempt on the route.
7.29 Where, following the occurrence of a Technical Incident, the relevant competitor:

A) chooses to continue their attempt in the circumstances described in Article 7.27(B)(2), the result of this attempt shall stand;

B) is afforded a further attempt on the route pursuant to Article 7.28(B), the competitor’s result shall be the best result from their attempts on the route.

7.30 An Appeal:

A) relating to the termination of a competitor’s attempt:

1) if made by the relevant competitor, may be made verbally and no Appeal Fee will be applicable;

2) if made by a Team Official, must be made in writing,

and must be made prior to the next competitor starting their attempt. The affected competitor shall be treated as though the subject of a Technical Incident until the Appeal is sentenced.

B) relating to the scoring or ranking of any competitor, must be made in writing and:

1) in respect of any appeal concerning the Qualification or Semi-Final rounds, within five (5) minutes of the publication of the Official Results; or

2) in respect of the Final round, immediately following the display of the relevant competitor’s Provisional Result (or where no Provision Result is displayed, the Official Result),

and where an Appeal is made concerning the scoring of any competitor in relation to a particular hold, the Appeals Jury should review the results of all competitors who have been scored as Controlling or Using that same hold.
8. BOULDER

General

8.1 Boulder competitions shall:

A) take place on short routes ("boulders") constructed on purpose-designed artificial climbing walls, climbed without ropes;

B) be organised with:

1) A Qualification round consisting of a single course of five (5) boulders for each Starting Group; and

2) A Final and/or Semi-Final round(s) each consisting of a single course of four (4) boulders for each Category,

in exceptional circumstances the Jury President may cancel up to one (1) boulder in any round.

8.2 Design of boulders:

A) each boulder shall be designed:

1) to limit the risk that a fall may injure the competitor or any third party, or obstruct any other competitor;

2) without any downward jumps.

B) the maximum number of handholds on one boulder should be 12 and the average number of handholds per boulder in any round should be between four (4) and eight (8).

C) each boulder shall be clearly marked to identify:

1) “Starting Holds” for both hands and both feet which shall not include blank or unbounded parts of the Climbing Surface. The Starting Holds should not be marked with specific positions for the hands.

2) a “Zone Hold”, which shall be positioned to aid the separation of competitors with markedly different performance.

3) a “Top”, which shall be either:

   a) a marked finishing hold (the “Top Hold”); or
   b) a standing position on top of the boulder,

D) the markings used on each boulder shall indicate:

1) the Starting Holds/Top in the same colour;

2) the Zone Hold using a different colour,
8. **BOULDER**

in each case using a different colour to any other demarcation on the Climbing Surface. An example of these markings shall be installed within the Isolation Zone, which should be the same for the entire duration of a competition.

8.3 A timing system shall be used in each round to display the time remaining within each Rotation Period. The timing system shall:

A) be visible to all competitors on the Field of Play and in each Transit Zone;

B) show the time remaining within the Rotation Period, rounded up to whole seconds;

C) provide audio signals to announce:
   1) when one minute remains within each Rotation Period
   2) the beginning and the end of each Rotation Period.

**Safety**

8.4 Safety matting shall be used to protect each boulder:

A) the Chief Route-Setter shall adjust the number and character of the boulders to the safety matting available. If mats are joined, gaps shall be covered in order to avoid competitors falling in between them.

B) the Jury President, the IFSC Judge and the Chief Route-Setter shall inspect each boulder and the safety matting prior to the start of each round to identify and address any safety risks.

**Starting order and quotas**

8.5 The qualification round may be organised with one (1) or two (2) Starting Groups for each Category:

A) the number of Starting Groups in each Category shall be determined as follow:

<table>
<thead>
<tr>
<th>Registered competitors</th>
<th>Number of Starting Groups</th>
</tr>
</thead>
<tbody>
<tr>
<td>≤ 40</td>
<td>1</td>
</tr>
<tr>
<td>41 – 59</td>
<td>1 or 2</td>
</tr>
<tr>
<td>&gt; 59</td>
<td>2</td>
</tr>
</tbody>
</table>

B) where two (2) Starting Groups are used:

1) each course should have similar overall difficulty and the boulders on each course should be constructed with similar character (profile and style).

2) competitors shall be allocated to Starting Groups as follow:
   a) any competitors having a World Ranking for Boulder on the day of the Technical Meeting shall be allocated to a Starting Group in the manner shown in the following example:
b) unranked competitors shall be allocated to Starting Groups at random, such that a near equal number of competitors are allocated to each Starting Group.

8.6 The quotas for the Semi-Final and Final round shall be 20 and six (6) respectively:

A) if there are two Starting Groups in any Category, the quota for the following round shall be equally divided and applied to both groups.

B) the quota for each round shall be filled with the best ranked competitors from the previous completed round. If the quota is exceeded as a result of ties, all tied competitors shall qualify.

8.7 The starting order:

A) within each Starting Group in Qualification shall be determined as follow:
   1) first, any competitors having a World Ranking, in ascending order of this ranking (i.e. the best ranked competitor starts first); and
   2) second, all unranked competitors in random order.

B) for each subsequent round, will be the reverse of the ranking from the preceding round, i.e. the best ranked starts last. Where competitors are tied, their starting order will be:
   1) where the tied competitors each have a World Ranking, in descending order of their World Ranking. i.e. best ranked starts last;
   2) where the tied competitors are each unranked or have the same World Ranking, randomised;
   3) where competitors(s) having a World Ranking and unranked competitor(s) are tied, the unranked competitor shall start first,

and in each case will be published in an Official Start List.

Competition procedure

8.8 All rounds of Boulder competitions shall be conducted under Isolation Conditions. Competitors eligible to compete in any round of a competition must report to the Isolation Zone by the time stated on the Official Start List for that round, competitors who have not reported to the Isolation Zone or who are not present in the Isolation Zone at such time will not be eligible to start the round.

8.9 Where consecutive rounds of a competition take place on the same day, there will be a minimum time gap of two (2) hours between the time when the last competitor finishes the first round and
the closing of the Isolation Zone for the following round.

8.10 In the Qualification and Semi-Final rounds, each competitor participating in the round:

A) will start their attempts on each boulder in the order set out on the Official Start List. No rescheduling will be permitted if a competitor is unable to start at the relevant time.

B) will attempt each boulder of the relevant course in the prescribed order;

C) will have a resting period equal to the Rotation Period in between their attempts on each successive boulder.

D) at the end of each Rotation Period, the competitors:

1) that were climbing, shall stop climbing and enter a designated Transit Zone. This Transit Zone shall be located so that competitors cannot observe any boulder not yet attempted.

2) that were resting, shall commence their attempts on the next boulder in succession or having finished the course, leave the Competition Area. The Jury President should ensure that competitors are not released from the Transit Zone before the end of the Rotation Period.

8.11 The Final round:

A) shall be preceded by a presentation of the competitors participating in the round;

B) for each Category:

1) each boulder will be attempted by all competitors in the order set out on the Official Start List;

2) once a competitor has finished their attempts, they will return to a separate Transit and the next competitor will start;

3) once all competitors have completed their attempt(s) on a boulder, the competitors will move on to the next boulder as a group.

**Observation procedure**

8.12 Observation

A) there will be no separate observation period for the Qualification and Semi-Final rounds.

B) the Final round shall be preceded by a collective observation for period of two (2) minutes per boulder.

1) during this period, competitors may touch (only) the marked Starting Holds and are prohibited from using any recording equipment.

2) at the end of this period, competitors will return to the Isolation Zone or to a Transit Zone as directed by the IFSC Officials.
Climbing procedure

8.13 The Rotation Period for:

A) the Qualification and Semi-Final rounds shall be five (5) minutes;

B) the Final round shall be four (4) minutes,

and each competitor may make unlimited attempts on any boulder within the relevant Rotation Period. In certain circumstances, a separate practice period may be defined where a competition is “after-work”, during which competitors may practice or “work” on boulders. Other than during such practice periods, each boulder must be attempted in its entirety and competitors must not practice or “work” any part of a boulder during any Rotation Period.

8.14 Each boulder should be cleaned before any competitor begins their first attempt. Competitors may at any time:

A) clean any part of the boulder that they can reach without making use of any hold;

B) request that any part of the boulder be cleaned,

and only brushes and other materiel provided by the Event Organiser may be used for these purposes.

8.15 A competitor’s attempt will be deemed to have:

A) Started when every part of the competitor’s body has left the ground.

B) Finished when:

1) Successful;

2) they have fallen or touched the ground after starting; or

3) the attempt has been terminated by the boulder judge or an IFSC Official as:

   a) Unsuccessful; or

   b) if a Technical Incident has occurred.

Judging and scoring

8.16 Each boulder shall be judged by at least one (1) National Judge who shall record:

A) the number of attempts made by each competitor. An attempt will be counted each time the competitor:

   1) makes either a Correct or Incorrect start;

   2) prior to starting, touches or makes use of any Artificial Hold or Structure other than:

      a) the Starting Holds, or
8. Boulder

b) any Artificial Hold or Structure which is fixed or positioned so as to modify the usable part(s) of any Starting Hold (a “Blocker Hold”);

3) adds any “tick marks”,

and in respect of (2) and (3), a disciplinary sanction may also be applied.

B) on which attempts the competitor Controls or Uses the Zone Hold;

C) on which attempt the competitor Successfully completes the boulder.

8.17 A competitor’s attempt will be:

A) judged “Unsuccessful” if:

1) the competitor has made an Incorrect start;

2) the competitor has touched the safety matting after leaving the ground;

3) the Rotation Period has expired;

4) the competitor has made use of any Artificial Aid,

and where a competitor makes an Unsuccessful attempt, the boulder judge shall order the relevant attempt terminated, and

B) otherwise judged “Successful” where the competitor is in a Controlled position:

1) with both hands matched on the Top Hold; or

2) standing on top of the boulder,

and in each case the boulder judge has raised a hand and announced “OK”.

8.18 A competitor’s start will be judged:

A) “Correct” where the competitor achieves a stable Controlled position with both hands and both feet on the Starting Holds without Controlling or Using any other Artificial Holds or Structures. For the avoidance of doubt, when starting a boulder, a competitor may:

1) touch, Control or Use any part of the Climbing Surface in order to attain the Starting Holds; and/or

2) touch any Blocker Hold(s).

B) “Incorrect” where the competitor

1) Fails to achieve a stable Controlled position with both hands and both feet on the Starting Holds; or

2) Controls or Uses any Artificial Holds or other Structures not marked as Starting Holds before achieving a stable Controlled position with both hands and both feet on the Starting Holds.
Ranking

8.19 On each course of boulders:

A) any competitor who fails or is ineligible to start the course will be unranked in the relevant round and their result marked with the appropriate IRM.

B) each competitor starting the course shall be ranked using the following criteria:

1) in descending order, the number of Successfully completed boulders (“Tops”);

2) in descending order, the number of boulders on which the competitor has either:
   a) Controlled or Used (in either case, with one or other hand) the Zone Hold; or
   b) successfully completed the boulder without having Controlled or Used the Zone Hold,

   this number being the “Zone Points” awarded;

3) in ascending order, the total number of attempts to achieve these Tops;

4) in ascending order, the total number of attempts to achieve these Zone Points;

8.20 Semi-Final & Final rankings

If any competitors are tied following the ranking procedure of Article 8.19, their relative ranking shall be determined:

A) by count-back to their rankings from the previous round (unless the previous round was held with two Starting Groups);

B) if, in respect of the Final round (or where the Final round was cancelled, the Semi-Final round), any competitors are tied in equal 1st, 2nd or 3rd place following count-back, the relative ranking of these competitors will be determined by comparing the best results for each such competitor:

1) starting with the number of Tops attained on the 1st attempt, then the number of Tops attained on the 2nd attempt, and so on; and

2) where the comparison in (a) cannot break any tie, by comparing the number of Zones attained on the 1st attempt, then the number of Zones attained on the 2nd attempt, and so on,

   where competitors remain tied following (1) and (2), the results of such competitors shall be considered equal.

8.21 General ranking:

The General Ranking shall be determined on the following basis:

A) competitors having a Final ranking, in that order; and
B) where applicable, competitors having a Semi-Final ranking, in that order; and

C) competitors having only a Qualification ranking, in that order, provided that where the Qualification round takes place with two Starting Groups, their General Ranking shall be determined by merging the rankings from each group, treating competitors having equal rankings between the two groups as tied.

**Technical Incidents and Appeals**

8.22 Only Official Video Recordings, and at the discretion of the Jury President any official IFSC broadcast video recording, shall be used for the purposes of determining Technical Incidents and Appeals. The Official Video Recordings must as a minimum record:

A) the Starting Holds for each boulder;

B) the Zone Hold for each boulder; and

C) the Top for each boulder;

D) any demarcations marked on the Climbing Surface.

8.23 If a competitor, Team Official or boulder judge considers that a Technical Incident has occurred, they must notify the IFSC Judge prior to commencing any further attempts. No Technical Incident shall be considered where notification is made following the start of the next rotation period.

8.24 The IFSC Judge, if necessary in consultation with an IFSC Route-Setter, shall determine whether a Technical Incident has occurred. For the avoidance of doubt, the following matters shall not be considered as Technical Incidents:

A) the interruption of a competitor’s attempts to stop bleeding;

8.25 An Appeal which if upheld:

A) would entitle the affected competitor(s) to make further attempts on the relevant boulder(s):

1) if made by the relevant competitor, may be made verbally and no Appeal Fee will be applicable;

2) if made by a Team Official, must be made in writing, and in each case must be made:

   a) in respect of the Qualification or Semi-Final rounds, before the finish of the next following rotation period; or

   b) in respect of the Final round, prior to the next competitor starting their attempts.

B) would not entitle the affected competitor(s) to make further attempts on the relevant boulder(s), must be made in writing and:

1) in respect of any appeal concerning the Qualification or Semi-Final rounds, within five (5) minutes of the publication of the Official Results; or
2) in respect of the Final round, upon the display of the relevant competitor’s Provisional Result (or where no Provision Result is displayed, the Official Result).

8.26 Where a confirmed Technical Incident or an Appeal covered by Article 8.25(A):

A) can be resolved/determined prior to the commencement of the next rotation period, the relevant competitor shall be offered the opportunity to continue their attempts:

1) if the competitor chooses to continue, then the incident will be considered concluded.

2) if the competitor chooses not to continue, then the competitor shall resume their attempts at a time determined by the Jury President, having due regard to:
   a) any recuperation period appropriate for the affected competitor;
   b) minimising the impact on other competitors;
   c) the overall competition schedule.

B) cannot be resolved/determined prior to the commencement of the next rotation period:

1) in the case of a Technical Incident only, the round shall be suspended for the affected competitor and for all competitors on preceding boulders until the matter is resolved/determined; and

2) the affected competitors shall resume their attempts as directed by the Jury President once the matter is resolved/determined,

and in each case, the affected competitors will act as directed by the Jury President. For the avoidance of doubt, any competitor who leaves the Competition Area prior to the matter being resolved/determined will not be permitted to resume their attempts.

8.27 When a competitor who has suffered a Technical Incident or who has been the subject of an Appeal resumes climbing:

A) they shall be allowed the time remaining when the relevant incident occurred, with a minimum of two (2) minutes; and

B) their next attempt:

1) in the case of a Technical Incident, shall be deemed a continuation of the prior attempt; and

2) in the case of a determined Appeal, may be deemed as either:
   a) a continuation of the prior attempt; or
   b) as a new attempt,

in each case as the circumstances dictate.
9. SPEED

General

9.1 Format

Speed competitions shall:

A) take place:

1) on artificial structures designed to the specification set out in the IFSC Speed Licence Rules;

2) using an automatic timing system approved by the IFSC; and

3) with the competitor secured from above using an IFSC-licensed automatic belay system,

In exceptional circumstances, the Jury President may instead require a top-rope to be used, controlled from the ground by two belayers situated to the side of the climbing lanes.

B) be organised with:

1) a Qualification round consisting of a single stage, taking place on two lanes, left “A” and right “B”, with competitors climbing in pairs; and

2) where the number of competitors recording a valid qualifying time is four (4) or more, a Final round consisting of between two (2) and four (4) elimination stages.

C) should have a practice period preceding the Qualification round. Where a practice period is organised, the time and arrangements for this practice period shall be announced at the Technical Meeting.

9.2 The IFSC recognises World Championship, Olympic and World records for the following Categories:

A) Male (aged 16 or over in the year of the relevant Calendar Event)

B) Female (aged 16 or over in the year of the relevant Calendar Event)

9.3 A record may be set only during scoring races (i.e. not during any practice period or any race which is abandoned or cancelled) and where:

A) the climbing surface, holds, timing system and autobelay system have been certified by the IFSC to meet the requirements for a World Record;

B) the competition forms part of a Calendar Event;

C) a Jury President has been appointed by the IFSC; and

D) the Event Organiser has provided for (and where relevant conducted) anti-doping tests in compliance with the national regulations governing international sport in their country, the World Anti-Doping Code, and the IFSC Anti-Doping Policy and Procedure and Disciplinary Rules on any competitor recording a time lower than or equal to the current World Record,
provided that any record set in-competition will be struck down where the relevant competitor is Disqualified or Disqualified for Behaviour at the relevant competition.

9.3A Subject to article 9.3, when a record-setting time is first recorded:

A) the time will be designated as an event and/or world record (as appropriate) and the Jury President will record the competition, the round in which the race took place, the name, Category and nationality of the competitor and the date/time of the race;

B) if multiple competitors in the same race each record a record-setting time:

1) where the relevant competitors record different times when measured to the nearest 1/1000s, the World Record will be held by the race-winning competitor; or

2) where the relevant competitors record the same time when measured to the nearest 1/1000s, the World Record will be held jointly by each of the competitors, provided that where either:

i) the relevant competitor is Disqualified or Disqualified for Behaviour at, or in relation to any breach of the WADA Code only, following the relevant competition; or

ii) the timing system in use is ruled faulty during the course of the competition, then

the relevant result will be struck down, the Jury President recording the same.

**Safety**

9.4 Each competitor shall wear a harness. The Jury President shall not permit a competitor to start if they reasonably believe that a competitor’s harness is unsafe. Competitors may wear elbow and/or knee pads wear to reduce the risk of blood injury.

**Starting orders and quotas**

9.5 The quota for the Final round shall be determined as follow:

<table>
<thead>
<tr>
<th>Competitors with a valid qualifying time</th>
<th>Final quota</th>
</tr>
</thead>
<tbody>
<tr>
<td>4 – 7</td>
<td>4</td>
</tr>
<tr>
<td>8 – 15</td>
<td>8</td>
</tr>
<tr>
<td>&gt; 15</td>
<td>16</td>
</tr>
</tbody>
</table>

9.6 The starting order:

A) for the Qualification round shall be determined as follow:

1) for Lane A, by random selection; and

2) for Lane B, in the same order as Lane A with a stagger of 50%. e.g. where the Starting List includes 20 or 21 competitors, the competitor starting 11th on Lane A will start 1st on Lane B.

B) for each stage of the final round shall be as set out Annex 4, which also sets out the lane
allocation for each race. If two or more competitors are tied following the Qualification round, their starting order in the first stage of the Final round shall be determined by random selection.

**Competition procedure**

9.6A Each route will be cleaned between following the completion of the Practice Period, and following the completion of the Qualification round for each Category.

9.7 Where a Practice period is held, competitors should be entitled to one practice run on each route. Competitors will not be stopped in the event of a False Start. The Practice period:

A) should include a demonstration of the false start signal and of the timing equipment; and

B) should take the form of a pre-run of the Qualification round, each competitor eligible to participate in the Qualification round making their attempts in the starting order published for the Qualification round. The Jury President may vary the timing and format of any Practice period to reflect circumstances specific to a competition.

9.8 In the Qualification round:

A) each competitor may make one attempt on each lane, other than:

1) where a re-run is required following a False Start or a Technical Incident, in which case an additional attempt shall be permitted; or

2) where they fail to report to the Call Zone when called, in which case the relevant race shall proceed without them.

B) each competitor shall remain in the Competition Area as directed by the Jury President until they have completed their attempts on both lanes.

C) a competitor making a False Start on their first scheduled race will not be eligible to start their second scheduled race. In all cases where a False Start occurs, the competitor who has not made the False Start may re-run, in which case they will run alone. This re-run should take place before the next scheduled race.

9.9 The Final round:

A) shall take place as a series of stages each consisting of a number of "elimination" races, the winner of a race in any stage proceeding forward to the next stage. The number of stages and races in each stage will be determined by the quota for the Final round.

B) in any race in the Final round, winner shall be determined as follow:

1) where both competitors record a valid time, the competitor who records the lowest valid time;

2) where one competitor is determined to have made a False Start, the other competitor;

3) where both competitors each record the same Valid Time or no Valid Time (other than where a False Start has occurred), the relevant race will be re-run. If following this the
competitors remain tied, the tie will be broken by comparing the competitors’ qualification ranking. For the avoidance of doubt, no re-run will take place where both competitors fail to start;

4) where any competitor fails to report to the Call Zone when called, the other competitor;

   a) the competitor’s harness is properly fastened; and

   b) the competitor’s harness is safely connected to the automatic belay system or top-rope.

B) at the command ‘At your marks’, each competitor will without delay take a position with both hands and one foot on their preferred starting holds, and one foot on the starting pad.

C) once all competitors are motionless in their starting positions, the Starter shall announce ‘Ready’ and following this will initiate the timing system.

1) one competitor has a Reaction Time less than 0.100s, that competitor shall be recorded as having made a False Start;

2) both competitors have a Reaction Time less than 0.100s:
   a) the competitor with the lowest (fastest) reaction time shall be recorded as having made a False Start; and
   b) if both competitors have the same Reaction Time, the relevant race shall be re-run and no False Start shall be recorded.

B) in addition to any recall signal made by the timing system following a False Start, the Starter shall also declare ‘Stop!’ as soon as possible.

C) No Appeal may be made in relation to the validity of a Reaction Time recorded by an automatic timing system approved by the IFSC.

9.13 A result will be recorded as:

A) a “Valid Time” where the relevant competitor:

1) has struck the top timing pad/switch; and

2) stopped the timer,

except where a False Start has been made by any competitor in the relevant race; or

B) a “Fall” where the relevant competitor, in the course of an attempt:

9.14 Other than following a False Start, competitors shall be afforded a minimum resting time of five (5) minutes between attempts on the route(s).

Judging and scoring

9.15 The climbing time for each competitor shall be defined as the period between the Starting Signal and the completion of the competitor’s attempt. The timing system shall:

A) record and display the climbing time for each competitor separately.

B) be capable of measuring times to an accuracy of at least 1/1000s.

1) times shall be recorded to the nearest 1/1000s for the purposes of ranking;

2) displayed on the Official Results rounded down to the nearest 1/100s other than where necessary to show a tie-break.

C) subject to (A) and (B) above, each competitor who has otherwise failed to record a Valid Time in one or both scheduled races will be ranked equal, ahead of any competitors who have made a False Start.

D) subject to (A), (B) and (C) above, each competitor who has recorded a Valid Time in at least one of their scheduled races will be ranked in ascending order of their best (or only) Valid Time, measured to 1/1000s. Where any two competitors have the same best (or only) Valid Time, their relative ranking will be determined as follow:

1) where both competitors have a second Valid Time, by comparison of these times;

2) where only one athlete has a second Valid Time, they will be ranked ahead of the competitor with no second Valid Time;

3) where neither competitor has a second Valid Time, the two competitors will be ranked equal.

E) if, following the above ranking procedure, the quota for the Final round is exceeded as a result of ties, the tied competitors shall re-run on Lane A until all relevant ties are broken. The times recorded in these attempts will be used only to determine which competitors qualify for the Final round and for no other purpose.
9.18 Final ranking:

A) any competitor who fails or is ineligible to start their first scheduled race will be unranked in the round and their result marked Did Not Start or with another appropriate IRM.

B) Competitors will be ranked in the Final round in order of the last stage in which they competed and within each stage in the following order:

1) the race winners in that stage; and

2) the race losers in that stage, ranked relative to each other in order of their times in that stage (competitors having a valid time being ranked ahead of competitors without) and using the times from successively preceding stages and/or the Qualification round if necessary to break continuing ties.

9.19 General Ranking:

The General Ranking shall be determined on the following basis:

A) competitors having a Final ranking, in that order; and

B) competitors not having a Final ranking, in order of their Qualification ranking,

where any stage in the Final round is cancelled, the competition will be considered concluded and the General Ranking will be calculated after the last completed stage, the race winners in the last completed stage being ranked relative to each other based on their respective times (using times from successively preceding stages and/or the Qualification round if necessary to break continuing ties).
