

## IFSC Events

### Field Of Play (FOP)

#### 1. Sport Equipment

Please refer to the Sport Equipment section.

#### 2. Judges table

##### 2.1. Facilities

They shall have (if needed) a table and chairs, in a discreet manner such as this area is almost not seen by the general audience and in any case not prevent the audience to watch the Athletes in their performance.

##### 2.2. Equipment

- Table, chairs
- 10 tablets and I-pads
- Specific Internet connection
- 6 S/D cameras with backup S/D cards
- Tripods for cameras "

#### 3. Team Officials zone

##### 3.1. Facilities

It shall have a direct view to the wall and Athletes' performance and be adjacent to the Jury zone. It shall also have either a direct view onto the live results displayed by the screen or be equipped with a reserved to Team Managers

##### 3.2. Equipment

- Wifi connection to internet

##### 3.3. Access

This zone is a restricted zone accessible only to Team Managers registered through the IFSC result service and limited to one per nation involved in the relevant round.

#### 4. Transit zone

##### 4.1. Facilities

Area of transit between the back of the wall and the access to FOP. Belongings (bag, shoes..) shall be left by the Athletes in the transit zone and securely brought to the after climbing zone.

##### 4.2. Equipment

- Updated Start-list
- Timer / count down, if relevant
- A warm-up equipment, allowing at minimum Athletes to hang themselves on 3-4 type of climbing holds. Training board are allowed

- Water
- Boxes to facilitate the moving of athletes' belongings

#### 4.3. Access

The transit zone is an extension of the isolation zone and therefore must follow the same access rules as the Isolation zone (ref BOH). The transit zone can also be used for an Athlete having already did an attempt on the climbing wall but was forced to stop due to a technical incident. A strict separation between this athlete and the other having not been called shall be respected.

### 5. After Climbing zone

#### 5.1. Facilities

After Climbing zone is the area where athletes should be waiting 5 minutes after their climb. Once the 5 minutes are passed, and no appeals are received by the IFSC, the athletes could move on the athletes area on the Front Of House. The area is protected from external view, quiet and in close proximity of the access to the walls.

Please note that during IFSC finals, a Leader corner should be arranged after climbing. The finalist should be kept on a visible space on the FOP, to monitor the progression of other athletes and be ready for the ceremonies.

### 6. Starting gates

Please refer to IFSC Event Branding for its design

### 7. Other items

#### 7.1. Facilities

- Ceremony podium (please refer to ceremonies section)
- Lighting on the FOP (please refer to IFSC Lighting Guidelines)
- Athletes' BIBs with Names + Numbers
