

INTERNATIONAL FEDERATION OF SPORT CLIMBING

IFSC SPEED WORLD CUP IN JAKARTA CANCELLED

PRESS RELEASE 2021/41

Torino - 10 September 2021

The International Federation of Sport Climbing (IFSC) and the Indonesian Sport Climbing Federation (FPTI) are disappointed to announce that the IFSC Speed World Cup scheduled in Jakarta, Indonesia, on 30 and 31 October 2021, has been cancelled as a result of the ongoing COVID-19 pandemic.

Therefore, the IFSC World Cup taking place from 1 to 3 October in Seoul, South Korea, will be the closing chapter of both the 2021 Boulder and Speed season.

“It is heartbreaking to make this decision,” said IFSC President Marco Sclaris. “The IFSC and the Sport Climbing community were eager to finally bring the international Sport Climbing circuit in Indonesia. My gratitude goes to the FPTI, and President Yenny Wahid, for their valuable collaboration and effort. I am sure that the debut of the IFSC World Cup Series in Indonesia is only postponed, we will be there next year!”
